Welcome to our 31st Annual "Born to Perform" Angus Bull and Female Sale.

We would first like to thank all of our customers for their past and future support. We value the faith you have put in our program. So, once again, Thank You!

Please note the Bulls were photographed the end of March and the videos were taken the second week of April, so we encourage everyone to come view the bulls before the sale if you can't make the sale. They will continue to grow and mature over the course of the next month.

The Bulls and Heifers were fed a 36-38 megacal ration from weaning until the middle of December. At that time we transitioned the bulls over to a 44 megacal ration and the heifers over to a 36 megacal ration.

Once again, we are very proud of this year's sale offering and feel you will not be disappointed. We are eager to present them to you and hear your feedback. This year's sale offering will not only include time proven sires such as Connealy Thunder and Ellingson Roughrider, but also other very popular sires like LT Converse, Sitz Stellar, WCF Rainmaker and others who have proven to produce outstanding herd sires in past sales. We will offer new sires that have the ability to transfer powerful genetics into their offspring such as Sitz Barricade, S A V Jesse James, Ellingson Badlands, WCF Beefbuilder and others.

This year we will offer 65 commercial purebred heifers and 5 outstanding registered yearling heifers. They are all home raised and are bang vaccinated and have had Vista VL5. They have been ultra-sounded open and breedable. The commercial heifers will be sorted and penned into 3 groups and will be sold in numerical order of 5 with the high bidder having the option to purchase more than 5 or the whole pen.

If we can be of any assistance or if you have any questions, don't hesitate to contact us.

We look forward to seeing you all Sale Day.

-The Terry Duppong Family

PERFORMANCE DATA

CALVING EASE DIRECT (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first-calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

BIRTH WEIGHT (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

WEANING WEIGHT (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

YEARLING WEIGHT (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

MATERNAL MILK (MILK), is a predictor of a sire's genetic merit for milk and mothering ability in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

PATHFINDER (#) The Pathfinder Angus program was started in 1978 in an effort to identify superior cows in the breed based on their records of performance from Angus Herd Improvement Records (AHIR). In identifying these superior cows, emphasis was placed on early puberty, breeding and early calving, followed by regularity of calving and above-average performance of the offspring.

We are proud to report that 32 Duppong Willow Creek females earned the designation in 2024!

DVAuction

Broadcasting Real-Time Auctions

Can't make the sale? Bid from home with DVAuction's "real-time" internet bidding service! Buying online is as easy as 1, 2, 3...

1. Create an account at www.dvauction.com under the "register" tab.
2. Apply for bidding approval by clicking on the "details" tab at least 24 hours prior to the auction - a DV representative will notify you when you are approved.
3. Tune in for the sale and make your purchases!

After the sale, contact Duppong's Willow Creek Farm to arrange transportation and payment. High speed internet is required for successful bidding - be sure to check the lag-time monitor in the top left corner to ensure real-time broadcasts.

Proxy Bidding: If you can't make time to watch the sale, register a proxy bid and DVAuction will represent your bid while you're away. Look for the "proxy bid" tab on the auction listing and fill in your maximum bids. They'll handle the rest!

Having troubles? During the auction, you can type a message to the operator at any time for assistance. Support can always be reached at (402) 474-5557.

We feel we are producing a **LEGACY OF MATERNAL STRENGTH** by keeping cows and replacement heifers that exemplify what decades of hard culling has done and what takes decades to breed into a cow herd. *Traits such as structure, feet quality, and longevity cannot be bred in quickly. It takes decades.*

Almost a 1/3 of this year's sale offering will be out of a Pathfinder Dam, which makes us extremely confident in the performance of our cow herd
